

Assessment Plan Checklist

- Plan is articulated in one coherent place.
- Plan is communicated to instructional staff, parents and families, and specialists.
- Plan includes the following:
 - Measures that provide valid and reliable data for the following purposes:
 - To screen for students at risk of or experiencing literacy difficulties
 - To identify specific instructional needs of identified students
 - To monitor progress of identified students toward targeted literacy goals
 - To evaluate overall student achievement and literacy program effectiveness
 - Timeline for administration
 - Timeline for scoring, summarizing, and processing data
 - Timeline for reviewing data through systematic data meetings
 - Age-appropriate measures
 - Measures that are appropriate to students' language proficiency and language instruction
